Like CDM, leadership within the CSG is jointly shared between the FAA and Industry. The CSG functions within a democratic process where motions are made, seconded and then voted upon. A clear majority is required to carry a motion. There are a total of 6 CSG members who have voting rights:

FAA: CSG Co-Chair, ATCSCC Air Traffic Manager, Project Management Officer or their designees

Industry: CSG Co-Chair, NBAA, RAA or their designees
