International Air Transport Association	Bill Murphy
Jet Blue Airlines	Lee Brown
Federal Express	Phil Santos
UPS	Adam Davis
PANYNJ	Ralph Tamburro
Southwest Airlines	Greg Gorlich

Like CDM, leadership within the CSG is jointly shared between the FAA and Industry. Core Industry Stakeholders include one primary member and one alternate member from each of the following industry representatives:

- (1) Airlines for America (A4A) who will serve as Co-chair of the CSG
- (2) National Business Aviation Association (NBAA)
- (3) Regional Airline Association (RAA)
- (4) Industry CDM Lead (one primary representative appointed by A4A)

Core industry stakeholders have the responsibility to periodically review at-large stakeholders and to accept and recommend for inclusion new at-large stakeholders to the CSG. Positions are reviewed on an annual basis and take effect every January.
